

## Advent Chain

This advent chain is a fun and spiritual activity to do each day during Advent. It can be done as an individual, group and family activity.

Paste together 25 links for a paper chain. The links are numbered 1-25 and on each link is a different theme and scripture reference (see below). Hang the chain with 25th link at the top and remove one link each day during December leading up to Christmas, using the scripture for devotions and the theme as a focus for prayer. It's a handy way to count off the days until Christmas and learn more about the real meaning of the holiday.
